There are luxury properties and then there's the highly-anticipated **Residences by Armani/Casa**, a \$10 million top of the line design center located on Sunny Isles Beach, just a short distance from the heart of South Florida and Downtown Miami.

Recently, legendary architect **César Pelli** made a visit to the grand estate during an intimate dinner in his honor, hosted by industry leaders **Jorge Pérez** of **The Related Group** and **Gil Dezer** of **Dezer Development**. Fashion icon **Giorgio Armani** had teamed up with Pelli to create the 60-story tower, marking Miami's most iconic partnership in real estate development history.

Located next door to the Porsche Design Tower, the Residences by Armani/Casa includes the most expensive sales gallery ever built by The Related Group and Dezer Development. Here's to Miami, the next epicenter of wealth.
