An inspiring book that was released spring 2016 will finally be part of a book signing happening at [Auberge Beach Residences Fort Lauderdale](#) on September 14 – *Frida Kahlo: Fashion As The Art Of Being* by Susana Martinez Vidal. Author of the \$200 coffee table book, Susana Martinez Vidal's first fashion editorial as director of Elle Spain

was inspired by Frida Kahlo, and since then she has passionately followed Kahlo's influence in fashion, music, and culture. After seeing the first-ever exhibition of Frida's clothing at La Casa Azul in 2012, Vidal was inspired to write this, her first book.

The book highlights the avant-garde fashionista whose timeless sense of style continues to influence the worlds of fashion, media, and art today. *Fashion as the Art of Being* is a vibrant tribute to Frida Kahlo's bold character, reflecting the kaleidoscopic ways Frida's unique story have been interpreted and adapted as few others in our time.
