Rendering of The Flats Apartments at CityPlace Doral

Miami-based Related Group opened a 300-unit apartment building in Doral with monthly rents up to \$3,600.

Related offers studios and one-, two- and three-bedroom apartments at The Flats Apartments, located in the mixed-used CityPlace Doral development. Monthly rents start at \$1,645.

Residents of The Flats will have ground-floor access to the first Fresh Market grocery store in Doral, one of more than 40 tenants of CityPlace Doral that will include CinéBistro and Improv Comedy Club. [CityPlace Doral](#), expected to open early this year, will have more than 300,000 square feet of retail space.

"From the very onset of development, we aimed to offer an urban atmosphere within Doral's suburban setting, and The Flats fulfills that goal," [Steve Patterson](#), President and CEO of Related Development, said in a prepared statement. "Residents can shop, eat, drink and go home all without ever getting in a car."

Besides The Flats, the residential component of CityPlace Doral includes another rental property called [The Manor Apartments](#), and Oasis, a residential project developed in partnership with [Shoma Homes](#). Oasis is 90 percent sold with unsold eight homes remaining.
