Auberge Beach Residences & Spa Fort Lauderdale is the first ultra-luxury mixed-use development in the sun-filled destination of Fort Lauderdale. Housed in two iconic structures with the North tower slated for completion late this year, the unparalleled luxury residences will feature sweeping ocean views and expansive terraces for year-round indoor-outdoor living.

Currently attracting the likes of Miami Dolphin legend Dan Marino and philanthropist Annie Falk, the 171-unit Auberge Beach Residences and Spa Fort Lauderdale is being developed by the two powerhouses that put Miami on the luxury real estate map: The Related Group and Fortune International Group. Residence features include expansive terraces, many of which with private pools; contemporary floor plans with 9'6 floor-to-ceiling windows; private elevator access and entry foyers in all residences; gourmet kitchens with Sub-Zero and Wolf appliances and deep soaking tubs in the master bathrooms. A curated collection of contemporary museum quality art will be on display in the common areas, including works by renowned artist Fernando Botero.

With a world-class Auberge branded spa, restaurant helmed by highly skilled chefs, private cigar lounge and wine cellar, golf simulator, multiple pools that overlook the Atlantic Ocean and additional indulgent resort amenities, the market-making property is poised to become the go-to luxury destination for those seeking incomparable design and resort living in a rare beachfront setting.

Prices range from \$1.5 million to over \$8 million per residence.
